Get Involved!

Over the next several months, Monument and its master planner Torti Gallas & Partners will be working to solicit input from our neighbors and the broader community on shaping the future of the golf course site. The Torti Gallas team has significant experience working in this fashion and has an established track record of successfully translating public comments into specific ideas. Community meetings or workshops will be held every month or so, and Monument will work closely with the Foundation and its Joint Property Committee to respond to community input through the summer and fall.
